Sir,

With reference to the circular regarding the Temporary Hostels for Civmil Centres, I have the honour to state that no site is available anywhere near the college which will be suitable for locating the Hostel. The only site that can be thought of, adjoined to the Jayadev Hostel and opposite to Race Course, Sir Seshadri Road, Bangalore City, which was originally intended for the Engineering College Hostel, seems to have been handed over to a private party by the Government. As no building has been so far erected here, the Mysore Government may be requested if possible to spare it temporarily to the Government of India for the Hostel.

RETARD

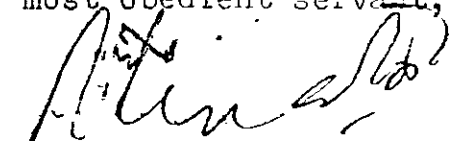

I have the honour to invite a kind reference to your letter 866/W dated 5th August 1942. As the Training Centre, College of Engineering, Bangalore, is a Civil Centre, it is very necessary that the trainees in that institution should remain in a hostel under Military discipline for which purpose the Military Authorities are providing the necessary ~~steps~~ staff. The provision of a hostel is, therefore, a very urgent necessity. The site suggested by the Principal, College of Engineering, Bangalore, does not appear suitable but I have come across a suitable site which myself and the Military Officer concerned have inspected and considered suitable. This site is the vacant portion in Gandhinagar which I am told has been allotted free for putting up a school building for the Arya Vidya Sala. I have been in touch with the President of the Managing Committee of this Institution and he has stated that there will be no objection to utilise the site for putting up a War Technician Hostel provided the site will be given back to same authorities at the close of the War Technician Training. I request you to do the needful to secure the site so that the necessary plans for a

hostel

hostel may be sent to Government of India.

As already mentioned in a previous communication, the Government of India will be prepared to spend upto about Rs125/- to Rs.150/- per trainee for the hostel construction and in case a more substantive building is required for future purposes the School authorities concerned can supplement the amount by their own funds.

I have the honour to be,

Reference:- Grant of land to Aryavidyasala in -
Gandhinagar.

With reference to your letter No. 5442 dated 28-11-42 requestint to intimate whether condition No.6 (that the - building should be constructed within one year from the - grant of land to the Association) has been acted upon etc., I have the honour to state that the said condition has not been fulfilled by the Aryan School Parents Association.

When a notice was issued to them in the matter they began to apply for additional grant of land on the ground - that the land already granted to them being a triangular site was not well suited etc., and in this connection the said Association presented a petition to the Government also on 7-2-1942, which was sent to this Office on 5-3-1942 for - obtaining the opinion of the Municipal Council.

When the subject came up before the City Improvement Committee on 4-8-1942 and the Council on 26-10-1942 they were pleased to approve of the grant of the increased extent of land to the above Association on certain conditions - though the undersigned brought to their notice that the - Municipality would be losing about a lakh of rupees if the land in question is granted to the Association free of cost.

The original grant of the land to the Association was 2580 sq. yards which has now been reduced to 2359 sq. yards owing to the increase in the width of the footpath towards the main road. The additional land now resolved to be - granted works out to 5609 sq. yards, thus making the total grant of to be 7968 sq. yards. The value of the land according to the present marked rate (as seen from the sale of sites held recently) is Rs.14-8-0 per sq. yard, at which rate the value of the land already granted amounts to - Rs.34,205/- and that of the additional land now resolved to be granted amounts to Rs.81,330/- The total value of the entire plot will therefore come up to Rs.1,15,535/-. The extent of loss to the Municipality, if the present resolution of the Council were to be given effect to would be about - Rs.81,000/-.

The cost of acquisition had also been very heavy, the compensation awarded being at the rate of Rs.2,500/- per acre; Besides, the Muzrai Department on behalf of Goduriah Mutt has referred the matter to the court for enhanced compensation at the rate of Rs.3/- per sq. yard which is very likely to be awarded.

The copies of the resolutions of the City Improvement Committee and Council in question, ~~together with the plan~~ ~~in this connection~~ are enclosed herewith for favour of kind perusal and orders of Government in the matter. The petition received from the Government on 5-3-1942 is also returned herewith in original as desired therein.

A copy of the blue print, showing the originally granted and the area now proposed to be granted, cancelling the sites is also enclosed herein for favour of perusal:

Subject No.43:-

Opinion of the City Improvement Committee dated 4th Aug. 1942, granting the entire plot marked A B C D in the plan (in Gandhinagar) for construction of Arya Vidya Sala School buildings free of cost, subject to certain conditions.

Mr. V. K. Govindarajulu moved, that the opinion of the City Improvement Committee may be approved and Mr. R. Subbanna seconded the same.

The Commissioner explained to the House that the Council had already given an appreciable plot of land for the School and the grant of the additional bit would mean a heavy loss of nearly a lakh of rupees, since the land value in that area was very heavy and suggested that the Council may consider all these aspects before coming to a decision. Further the party had not fulfilled the conditions of the original grant.

Mr. B. Subbiah observed that since the purpose for which they were giving the land was a very noble one, they need not measure in terms of rupees annas and pies and supported Mr. V. K. Govindarajulu.

Mr. M. Krishnaswami Pillay also supported the above - speaker.

Mr. V. K. Govindarajulu replying said that it was very essential for every school to have sufficient playground and lung space, that in Western Countries and European Institution in Bangalore, every school had a wide playground and it was only in Indian Schools that scarcity for place was felt and that they should not raise any objection to the grant. Further since the 2nd Division is a very congested locality, any open space is welcoming. The Municipality instead of taking measures to prevent diseases, can very well promote - health among school boys by providing playgrounds.

Resolution:- Opinion of the City Improvement Committee
is approved.

Yours sincerely,

H.B. Gundappa Gowda, Esq., B.A., B.L.,

AN APPEAL PRESENTED TO PRADHANA SIROMANI
N.MADHAVA RAO B.A., B.L., DEWAN OF MYSORE,
FROM THE MEMBERS OF THE MANAGING COMMITTEE,
ARYA VIDYA SHALA PARENTS ASSOCIATION, BANGALORE
BY THE DEPUTATIONISTS WHEN THEY MET HIM IN HIS
CHAMBERS ON 27th NOVEMBER 1942, IN CONNECTION
WITH THE SCHOOL BUILDING.

We appeal to you Sir, to take up our cause in safe-
guarding the interests of our Institution and in
helping us in our humble endeavour to secure for
the Institution a suitable building.

1) We, the Members of the Managing Committee
welcome the proposal from the Senior Regional -
Inspector (Representing the Government of India)
to take over temporarily(for the duration of the
War) the Site allotted for the Arya Vidya Shala
School building in Gandhinagar for purposes of -
constructing WAR TECHNICIANS' HOSTEL.

2) The Site originally granted by the Municipality
was triangular in shape and measured about 2580 Sq.
Yards. On a representation made by the Managing
Committee that the plot of ground sanctioned was
insufficient, the Municipal Council have kindly resolved
to extend the plot so as to meet the requirements
of an ideal school. The Resolution of the Council,
it is learnt, has been submitted to the Government for
kind approval.

3) Though we would very much desire to put up
our own structure in the immediate future and to
run our classes there, we are happier at the prospect
that by allowing the Government of India to utilise
the plot of ground for constructing the WAR TECHNICIANS'
HOSTEL, we would be furthering the cause of the Allies
in a World-wide struggle against the Axis aggression.

Contd:

Under these circumstances it is our humble prayer that the Dewan Sahib will be pleased to enter into a suitable agreement with the Senior Regional Inspector representing the Government of India as the Dewan Sahib thinks fit, so that when the War is ended and when there is peace, We might take possession of the Site and the Building, free of cost, for which act of kindness the Management of the School will remain ever grateful.
